Are you showing anywhere else locally? If so, where?

What skills do you possess from the below list that could be an asset to the gallery?

- | | |
|--|---|
| <input type="checkbox"/> website maintenance | <input type="checkbox"/> social media upkeep |
| <input type="checkbox"/> carpentry/painting | <input type="checkbox"/> holiday decorating |
| <input type="checkbox"/> gardening/landscaping | <input type="checkbox"/> teaching classes |
| <input type="checkbox"/> cleaning/organizing | <input type="checkbox"/> merchandising, hanging artwork |

Would you be interested in teaching a class at the gallery _____

If so, what would you like to teach?

What population would you prefer to teach?

Children Adults Seniors

Are you interested in Consignment or Membership?

Date:

Consignment 60/40

Membership

There are two ways to show work at KDH Cooperative Gallery; ***membership and consignment.*** **Both are juried.** This means that all artists must pass their work by the jury in order to sell with us. This is to guarantee the standard that is necessary to maintain a gallery of the highest quality.

Membership to KDH Cooperative gallery

We are a membership of artists with diverse backgrounds and talents. Each member brings with them a unique set of skills and ideas. We are all of the mindset that a successful cooperative is created by the participation and dedication of its members. We are interested in perpetuating a helpful, supportive community location for artists to gather together, learn from one another, meet with patrons, and market their works.

Details of Membership

Membership dues are \$50 per month--this guarantees the payment of the operating costs of the building. Membership commitment of 1 year is required.

Work requirements are currently 10 hours per month for each artist--we will have no paid employees and each artist will be knowledgeable about the other artists and their works in the gallery. (work requirements may change seasonally if we find it necessary)

Members must be year round residents of the area- no exceptions

Members' Commission for sale of artwork is 10% for sales with an additional 5% on credit card sales. Commission payments for art sales will be made by the 10th of the month for artwork sold between the first and last day of the previous month. Artists' checks may be picked up from the gallery desk. Monthly dues should be paid up to date before commission check is picked up.

Consignment

Consignment is best suited to those artists without a known history of the salability of their works and for artists who do not generate a large body of work per month. There are no work requirements or monthly dues for artists showing on consignment. Preference is given to all working members for exhibit space.

Artists do not have claim to any one specific area in the gallery. Displays are moved about for aesthetic purposes.

Commission on sale of consignors' works is 40%. (60/40 split)
Consignment checks for sales of artwork will be mailed by the 10th of the month for works sold between the first and last day of the previous month.

If you wish to apply for membership or consignment:

- ✓ Apply by **electronic submission** on the jury dates: currently **April 1 and August 1**
- ✓ **send to kdhcooperative@yahoo.com**

We would like to see as many examples of your work as possible that show your current style.

Please do not show us everything you've ever made, just work that exemplifies what you intend to sell and what you're currently doing.

- ✓ Include **title, medium and pricing** in the descriptions
- ✓ We are also happy to see your work from a website if you can include a live link.
- ✓ **Presentation does count! (We can only judge our interest in the work by our ability to see the details that we should see- be sure to include multiple angles of 3-d works.)**

✓ ***What we're looking for:***

Active, positive, participating members creating work which is realistically priced and professionally presented. We are always looking for work which is unique to our gallery and has a high standard of quality and marketability.
